Summary – When a user changes the window size below 910px, the “Language menu” drop-down list and the “Login” link are inaccessible.

Preconditions – Click on the website <https://www.shop.netcostmarket.com/>

Steps –

1. Navigate to the website
2. Change the window size below 910px
3. Observe the “Language menu” drop-down list and the “Login” link

Expected results – the “Language menu” drop-down list and “Login” link change the style to e.g. the “Hamburger menu” drop-down list.

Actual results – These menus disappear from the screen.
